

ChaeHookSung Martial Arts

CHS MARTIAL ARTS Mission Statement:

CHS Martial Arts primary goal is to serve the community of Colorado Springs as a resource in the following areas:

- Rape Awareness and Prevention seminars & workshops
- Taekwondo training
- Self Defense training
- Seasonal events to develop positive mental, spiritual, moral, physical and technical discipline for self-betterment, to build respectful and confident citizens - the core of martial arts. These events include Taekwondo tournaments (local, Jr. Olympics, US Nationals), seminars, workshops, camp-outs, field trips and other positive family-centered activities.

We pledge to provide a positive, safe environment for the students and patrons of our facilities.

We will also pursue sponsorships from local businesses and private individuals. These, in combination with any profits from the events listed above, will be re-invested in the organization in order to sustain the events that are not profit generating, as well as provide sponsorships for low income individuals and families.

Our primary focus will be the children of Colorado Springs and surrounding areas; low income families, single parent families and at-risk youth are part of our interest areas along with sponsorships for those who excel in being positive athletes and role models.

We believe that these values and activities will allow us to be a critical contributor to the quality of life for the residents in our area along with the building of better citizens.
